January/February 2022

Dear Sharing Friend,

I am going to walk on Good Friday.  
How could I not?--- It's in my heart's DNA. It's going to be a contemplative walk  
between 12:00 & 3:00.

I am not going to walk far.  
I am not going to walk fast, but  
I am not going to walk without sponsors...  
BECAUSE that's what it's all about; raising money to distribute among three  
organizations well known to me. Organizations that are helping African-American  
children from economically poor families living in the rural south.

This year I will walk for the 51st time, (I know, I can hardly believe it myself !)  
Most years, after the Walk monies were collected, I would travel south, meeting  
with and getting to know people who were working in their communities to better  
conditions for children.

I can never know what it is like to live in our country with skin other than my pale  
white version. But thanks to the friends I have made during my trips south, and  
their families who have welcomed me into their lives, I have acquired a semblance  
of understanding.

Let there be peace on earth, please Lord.

Shalom,

*Kay Doherty*
